

Basic Detail Report

Octavia Prototype Effects Pedal Formerly Owned by Jimi Hendrix

Date

c. 1968

Primary Maker

Roger Mayer

Medium

metal; paint; wire

Description

The Octavio is an effects box which has a foot button on top, two separate rotary controls and input and output jacks on the front, i. e., the side which would face away from the user. The top has

"Octavio" printed with the last "o" circled in ink, with the first three letters worn off. The markings on the front were made by hand in black ink.
