

Basic Detail Report

Laser Rifle from the Television Series "Lost in Space"

Date

c. 1965

Primary Maker

Lost in Space

Medium

metal; paint

Description

Silver metal and painted orange wood rifle with painted silver webbing strap. Sight piece consisting of metal rod and a series of (4) metal circles has become separated from the rifle. From sale catalogue: "In remarkable condition, the prop is complete and retains its shoulder strap and clear tipped emitter; it has been repainted to its original state. The prop is constructed almost entirely out of metal as were so many of the 'Lost in Space' props and weapons."

Dimensions

Overall (HWD): 9 × 37 1/2 × 2 in. (22.86 × 95.25 × 5.08 cm)
